

On Sunday, February 18, 2024, the monthly meeting of the Atlanta Audio Club was held at the Oak Grove Methodist Church classroom. It ran from 2 pm through about 5 pm, and there were around 25 attendees at this meeting. This meeting featured a film presentation on the history of Herb Albert, presented by member Dan Terry.

Steve Gooding, president of the club, opened the meeting by reminding folks of the March 10 meeting which will be a presentation of Western Electric tube equipment by Charles Whitener and Trent Suggs including their 91E integrated amplifier with improved 300B tubes. He then introduced our speaker, Dan.

Dan introduced the two-hour film on Herb Albert (named "Herb Albert is...") which was enjoyed by all present. We took a break about one hour into the two-hour film.

The club sincerely thanks Dan for showing us this film. The club also thanks Dan Wittmayer and his assistant David Mansfield for setting up some excellent snacks and drinks.
